Objective

Motivated Software Engineering student seeking a **Frontend Development Internship** to apply and grow skills in **React.js, frontend development, and database systems (SQL Server)**. Passionate about building responsive, user-friendly, and real-world web applications while gaining hands-on industry experience in full software development lifecycle.

Education

National University of Modern Languages, Islamabad, Pakistan	2023-onward
Bachelor's in software engineering	CGPA: 3.8
Punjab Group of colleges, Aabpara campus, Islamabad, Pakistan	2022 - 2023
Higher Secondary School Certificate (HSSC)	Percentage: 86
Islamabad Model School for Girls, G-6/1-3, Islamabad, Pakistan	2020-2021
Secondary School Certificate (SSC)	Percentage: 95

Skills Summary

Frontend: HTML, CSS, JavaScript, React.js, Bootstrap.

Programming: C, C++, Python (Basics)

Tools: Git, VS Code, Figma, GitHub.

Databases: SQL Server (Basic – CRUD operations, queries, relational design)

Soft Skills: Teamwork, Problem Solving, Creativity, Continuous Learning

Additional: Game Development | Proficient in MS Office tools and G Suite | API Integration (Basic)

Work Experience

Ecommerce Manager – Shopify Store (2025 – Present)

- Managed product listings, inventory, and order fulfillment using the Shopify platform.
- Handled customer queries, returns, and ensured smooth day-to-day operations.
- Improved store efficiency through structured product management and updates

C/C++ Development Intern – Codveda Technologies (Dec 2024 – Jan 2025)

- Optimized C/C++ applications & debugged software.

- Collaborated on feature development & testing.

Front-end Developer (Freelance & Academic) (2023 – Present)

- Developed responsive web applications using React.js, HTML, CSS, and JavaScript
 - Built reusable UI components and optimized frontend performance
 - Integrated APIs to fetch and display dynamic data in web applications
 - Worked with GitHub for version control and collaborative development
-

Projects

DSCR Calculator (React.js + API Integration)

- Designed clean, responsive UI for user-friendly experience
- Integrated external APIs for data processing and dynamic updates

GitHub: <https://github.com/Sadia5421/DSCR-Calculator>

Travel Website (HTML + CSS + JS)

- Designed and developed a responsive travel website frontend
- Implemented interactive UI components using JavaScript

GitHub: <https://github.com/Sadia4521/Travel-Website>

Live Site: <https://sadia4521.github.io/Travel-Website/>

Portfolio (HTML + CSS)

- Developed a personal portfolio website to showcase skills and projects
- Focused on clean UI design and responsive layout

GitHub: <https://github.com/Sadia4521/Sadia-portfolio>

Live Site: <https://sadia4521.github.io/Sadia-portfolio/>

Waterscapes - Color Sort Game (C++ + SFML Library)

- Developed an interactive puzzle game using C++ and SFML library
- Implemented drag-and-drop mechanics and game logic for smooth gameplay

GitHub: <https://github.com/Sadia4521/Waterscapes-Color-Sort-Game>

Spam Email Detection (C++)

- Built a C++ spam email detection system using keyword-based scoring to classify emails.
- Used queues and hash maps for email processing and spam classification.

GitHub: <https://github.com/Sadia4521/Spam-Email-Detection>

Personal Portfolio Website (HTML, CSS, JavaScript + Hosting)

- Developed a responsive personal portfolio website to showcase projects, skills, and academic profile with a clean and modern UI

- Deployed the website on Hostinger with mobile-friendly design and structured sections for professional presentation and easy navigation.

Live Site: <https://darkcyan-bear-769524.hostingersite.com/>

Certificates

C/C++ Development Intern - Codveda Technologies

AI For Everyone - DeepLearning.AI

HTML, CSS, and Javascript for Web Developers - Johns Hopkins University

Coding the Static Restaurant Site - Johns Hopkins University

Digital Transformation Using AI/ML with Google Cloud - Google Cloud

Introduction to Structured Query Language (SQL) - University of Michigan

Modernize Infrastructure and Applications with Google Cloud - Google Cloud
